- 15-minute race
- Drivers finishing positions and individual lap times sheets available after the race
- **Duration - 20 minutes**

Kids Karting:

Regular Package:

- Timed session with driver's lap times available at the end of the session
- Provision of time sheet with individual lap times and the best overall performance
- **Duration - 10 minutes**

Is there a maximum amount of karts allowed out on track at one time?

Yes, we allow 10 karts out on track for each session. These can be all adult karts, all kids karts or if you come as one group with adults and kids we can run both the adult and kids karts together but only up to 10 karts at once.

My group is larger than 10 can I still book?

Most certainly! As there is a maximum of 10 karts on track at one time we would split your group into smaller numbers. For example, a group of 16 would be split into 2 groups of 8 people.

What do I need to bring with me?

You will need to ensure that you wear enclosed shoes to take part in the Karting Experience. Any karter under the age of 18 will need to bring a parent or guardian to sign the drivers agreement on their behalf!

We will provide you with a helmet, neck brace and balaclava for your karting experience.

Are there minimum height restrictions?

Yes, there are. This is so that every person who drives the karts can safely reach the pedals on the karts. For the adult karts you must be 5 feet tall and for the kids karts you must be 4 feet 2 inches.

Are there instructions on how to use the kart before we go out onto the track?

There is! Every karter must watch our safety video which goes through the operation of the karts as well as the flags that our marshals use when they are out on the track. It is important to watch this video as the flags are how our marshals communicate with the karters on the track. When you get out on track our marshals will be on hand to help you get into the karts and answer any questions.

How fast do the karts go?

The adult karts can reach speeds of up to 50 miles per hour.

The kid's karts can reach speeds of 20 miles per hour. We have complete control over the kids karts as they each have a shutdown transponder attached them, which means that for any reason if we need to stop the karts on track we can.

What happens if it rains?

Unfortunately for safety reasons (and to keep you dry!) we are not able to run our karts in the wet weather. If your session has not yet started you will be able to rebook your session to another date.

When is the Karting Experience available?

We are open Tuesday- Sunday for the Karting Experience between 9am-4:30pm. Please note that some weekends the Karting Experience will not be available due to other events being held at the facility.

Do I need to book before I arrive?

We do recommend booking ahead of arriving at Bushy Park as we do get very busy with the karting. In order to avoid disappointment, we advise booking your slot in advanced!

How do I book a Karting Experience?

Please call +1(246) 256-0114 between 9am-5pm daily or email: experiences@bushyparkbarbados.com.

I would like to have a Birthday Party at Bushy Park- is this a possibility?

It most certainly is! We would be more than happy to customize the karting experience for your birthday party. We can also assist with catering and furnishing/decorating for the party. Please give us a call to discuss what you are hoping to plan and we can give you further information on this.
